Introduction

At Holmesdale Cricket Club the welfare of our players, coaches, parents and spectators of all ages is paramount. This document seeks to assist and offer all players, members, coaches and volunteers guidance when playing, supporting or volunteering under the name of Holmesdale Cricket Club.

The club has one appointed welfare officer (Laurie Hudson), who is introduced to all players, members and (when necessary parents or guardians). All players (and parents) are invited to raise any concerns over the welfare of any player at Holmesdale Cricket Club and any concerns are handled sensitively.

We have a number of ECB qualified coaches who coach across our Junior programmes and possess up-to-date DBS checks, First Aid and safeguarding qualifications and certificates. All age group team managers are DBS checked and First Aid trained. All senior members (those over the age of 18) have to sign a self-disclosure form on an annual basis to confirm that they are legally allowed to participate in sports involving children.

In addition, interim Chairman, Mark Epps, and the 1st, 2nd and 3rd XI captains are the appointed people within the Senior Cricket section for players to voice any concerns to. Again, matters are considered in a sensitive manner.

Concerns must be raised with the appointed people if possible and all team managers or captains (Senior section) will direct any concerns from players or parents to them if needed.

The committee has worked hard to ensure that the playing surface, practice facilities and clubhouse (including car parking) are safe for everyone who comes to Holmesdale. The Junior Coaching Team also complete risk assessments and check equipment as necessary. We also have a noticeboard within the clubhouse which carries relevant information regarding welfare, first aid and the location of the nearest Accident and Emergency departments.

Each junior team will have an appointed first aid trained adult with them at home and away matches and all accidents that happen whilst playing or training with Holmesdale should be notified to the lead coach/player at the practice/game so that the details can be added to our accident book. First Aid kits can be found in the clubhouse and with lead coaches at games away from Montreal Park.

Finally, we experience very low numbers of raised concerns and injuries and intend to keep it this way. Holmesdale is a safe, happy and enjoyable club to be part of.

Holmesdale Cricket Club

Anti-Bullying Policy

Statement of intent

We are committed to providing a caring, friendly and safe environment for all of our children so they can train, and play, in a relaxed and secure atmosphere. Bullying of any kind is unacceptable at our club. If bullying does occur, all children should be able to tell, and know, incidents will be dealt with promptly and effectively. We are a TELLING club. This means anyone who knows bullying is happening is expected to tell someone who can do something about it.

What is bullying?

Bullying is the use of **repeated** aggression with the intention of hurting another person. Bullying results in pain and distress to the victim.

Bullying can take many forms :

- Emotional: being unfriendly, excluding, tormenting (for example: hiding kit, or making threatening gestures)
- Physical: pushing, kicking, hitting, punching or any use of violence
- Racist: racial taunts, graffiti and/or gestures
- Sexual: unwanted physical contact or sexually abusive comments
- Homophobic: because of, or focusing on, the issue of sexuality
- Verbal: name-calling, sarcasm, spreading rumours and teasing
- Cyber: bullying behaviour online or via electronic communication (email and text, social media etc) Misuse of associated technology, such as camera and video facilities

Why is it important to respond to bullying?

Bullying hurts. No one should be a victim of bullying. Everyone has the right to be treated with respect. Children who are bullying also need to learn different ways of behaving.

Cricket clubs have a responsibility to respond promptly, and effectively, to issues of bullying.

Objectives of this policy

- All adults and children at the club should have an understanding of what bullying is
- All officials, coaching and non-coaching staff should know what the club policy is on bullying, and follow it when bullying is reported
- All children and parents should know what the club policy is on bullying, and what they should do if bullying arises
- As a club, we take bullying seriously. Children and parents should be assured they will be supported when bullying is reported
- Bullying will not be tolerated

Signs and symptoms Procedures

A child may indicate, by signs or behaviour, that he or she is being bullied. Adults should be aware of signs and investigate if a child:

- Says they are being bullied
- Changes their usual routine
- Is unwilling to go to the club
- Becomes withdrawn anxious, or lacking in confidence
- Comes home with clothes torn or belongings damaged
- Has possessions which are damaged or go missing
- Asks for money or starts stealing money (to pay the bully)
- Has unexplained cuts or bruises
- Is frightened to say what's wrong
- Gives improbable excuses for any of the above In more extreme cases, the child:
- Starts stammering
- Cries themselves to sleep at night or has nightmares
- Becomes aggressive, disruptive or unreasonable
- Is bullying other children or siblings
- Stops eating
- Attempts or threatens suicide or runs away These signs and behaviours could indicate other problems, but bullying is a possibility and should be investigated.
- Report bullying incidents to the Club Welfare Officer
- In cases of serious bullying, the incidents will be reported to the ECB Safeguarding Team for advice via the County Welfare Officer
- Parents should be informed and invited to a meeting to discuss the problem
- If necessary, and appropriate, police will be consulted
- The bullying behaviour or threats of bullying must be investigated and the bullying stopped quickly

- An attempt will be made to help the bully (bullies) change their behaviour

In cases of adults reported to be bullying cricketers under 18, the ECB must always be informed and will advise on action to be taken.

Prevention

We will use 'Kidscape' recommended methods to help children prevent bullying. These may include:

- Developing a children's code of conduct (see guidance in 'Safe hands')
- Agreeing behaviour contracts
- Having discussions about bullying and why it matters *with thanks to Kidscape for their expert advice and templates

This policy will be reviewed periodically by Holmesdale Cricket Club in consultation with the England and Wales Cricket Board Limited.

ECB Guidelines on Supervising children at cricket sessions

Clubs have asked for clarification on ratios when working with children and the following is applicable to all cricket.

It is important that clubs remember when planning cricket or general sessions for children that there must be sufficient adults present to adequately supervise all of the participants and manage any incident that may arise.

It is a basic requirement of all sessions and matches involving children that in all circumstances there will always be a minimum of two responsible adults present. Clubs should always plan accordingly and coaches must feel confident in raising concerns if they find themselves placed in a position where they have been expected to work alone and unsupervised. In matches there must always be at least 2 adults present and responsible for the team.

The ECB provides two different sets of ratios which relate to working with children and it is vital that coaches and other key club personnel understand the distinction between these two types of ratios. They are each explained below:

Qualified Coach Ratios required for coaching sessions

The ECB Coach Education department has produced appropriate ratios based on the number of qualified coaches required to run different technical disciplines within the game. The ratios of qualified coaches to children are as follows:

- Net Coaching: 1 coach : 8 children
- Group Coaching: 1 coach : 24 children
- Hard Ball Coaching: 1 coach : 16 children

These coaching ratios are very different to the child supervision ratios which are required at all sessions regardless of where these are held or which activities the children are doing. Details of supervision ratios are shown below:

Supervision Ratios

Supervision ratios relate to managing groups of children and ensuring that there are sufficient adults present to deal with any issue or incident that may arise. For single sex groups, there must be at least one same gender member of Staff. For mixed groups there must be at least one male and one female supervising adult.

There must always be a minimum of two adults present.

Clubs must also factor in any further issues that the risk assessment of the facilities may have highlighted that are particular to that venue for example, changing rooms being located several minutes from the training venue and this may mean that clubs have to increase the number of supervisors in light of this additional information.

The supervision ratios that must be adhered to as a minimum for clubs looking after groups of children are as follows:

- Aged 8 and under – 1 adult : 8 children
- Aged 9 and over – 1 adult : 10 children

It is also important for clubs to note that these ratios relate to adults and children i.e. those over 18 looking after those under 18. The ECB has recently developed an introductory course for young leaders and coaching assistants called “Cricket Young Leaders Award”. Holders of this certificate must not be used in the calculations for supervision ratios as they are not over 18.

As part of our responsibilities in supervising children, it is vitally important to ensure that all players drink appropriate amounts of water to avoid any possible risks of dehydration during matches and practice sessions.

The tips below are therefore provided from the ECB’s Sports Science Home Study pack:

Coaches, Managers and Umpires are encouraged to:

- ensure that regular intervals for drinks are arranged, particularly in matches of more than twenty overs per innings or in hot weather.
- plan drinks breaks in practice sessions and matches every 20-40 minutes on warm sunny days (This may sound excessive when first read, but on hot days players can need up to 2 – 3 litres each to stay fully hydrated).
- avoid waiting for children to say that they are thirsty before planning a drinks break as thirst is an indication of dehydration.

Further details regarding keeping players hydrated can be found in the Sports Science Home Study Pack of the ECB UKCC Level 2 Coaching Cricket Qualification.

Facilities and Venues used for children’s Cricket

All Clubs must ensure that they have undertaken an adequate risk assessment on all of their facilities and venues that they use for any club activities regardless of ownership of that facility or venue. This does not include away match venues for leagues but should include, where possible, facilities and venues that will be used on tours.

If clubs regularly hire facilities from other organisations e.g. schools or community colleges, there may be a generic risk assessment available for clubs to consider.

However it is important that clubs recognise that they are responsible for ensuring that venues and facilities are fit for purpose.

Outcomes of the risk assessments may have an impact on the session planning or coordination of junior club training or matches and so it is important that risk assessments are done ahead of use and are updated on an annual basis or if changes to the facility have taken place.

ECB Guidelines for junior players in open age cricket

These guidelines cover the selection and participation of young players in open age cricket. They are designed to help clubs to decide when to select young players in open age cricket and how best to help their cricketing development when they play within open age groups. They apply to boys and girls equally. Age groups are based on the age of the player at midnight on 31st August in the year preceding the current season.

Guidance for Clubs and Leagues

All clubs must recognise that they have a duty of care towards all young players who are representing the club, which should be interpreted in two ways:

- Not to place a young player in a position that involves an unreasonable risk to that young player, taking account of the circumstances of the match and the relative skills of the player.
 - Not to create a situation that places members of the opposing side in a position whereby they cannot play cricket as they would normally do against adult players. In addition the following specific requirements apply to young players in open age cricket
1. Making the step up from junior to open age cricket is a significant event in any player's cricket experience. Ensure that the player's safety, personal development needs and overall cricket experience are considered.
 2. There is no definitive age at which they should be introduced to open age cricket but determine each case on an individual basis dependent on their ability and stage of cognitive and emotional maturity to take part at this level, taking into account the requirement that no Junior Cricketers younger than the age group of under 13 can play in open age cricket.
 3. ECB Fast Bowling Directives and Fielding Regulations should always be adhered to for junior players in open age cricket. All young players who have not reached their 18th birthday must wear a helmet with a faceguard when batting and a helmet when standing up to the stumps when keeping wicket. A young player acting as a runner must also wear a helmet even if the player they are running for is not doing so.
 4. Any player in the Under 13 age group must have explicit written consent from a parent or guardian before participating in open age cricket. Clubs must ensure that their player registration procedures ensure that consent is obtained.

5. Provide an opportunity for players to show their talents in an appropriate way. Children who are just used as fielders will not fully experience the game.
6. Be supportive at all times for all forms of effort even when children are not successful. Try and put them in situations where they will experience some success (however small) and ensure plenty of praise and encouragement.
7. Try and involve them in all aspects of the game wherever possible i.e. socializing, team talks, practice, decision making etc. so that they feel part of the team.
8. Children will often feel more comfortable and able to perform if they have a family member or friend also playing in the side.
9. Remember, children's early experiences will remain with them always and will often determine whether they want to remain playing the game or give up and do something else!
10. Clubs and Leagues can apply more strict restrictions on the participation of young players in open age cricket at their discretion. It is strongly recommended that a parent, guardian or other identified responsible adult is present whenever a player in the Under 13 age group plays open age cricket. This could include the captain or other identified adult player taking responsibility for the young player.

ECB Fast Bowling Match Directives

Issued October 2009

For any subsequent changes visit www.play-cricket.com

- For the purpose of these Directives a fast bowler is defined as a bowler to whom a wicket keeper in the same age group would in normal circumstances stand back to take the ball.
- Having completed a spell the bowler cannot bowl again, from either end, until the equivalent number of overs to the length of his* spell have been bowled from the same end.
- A bowler can change ends without ending his current spell provided that he bowls the next over that he legally can from the other end. If this does not happen his spell is deemed to be concluded.
- If play is interrupted, for any reason, for less than 40 minutes any spell in progress at the time of the interruption can be continued after the interruption up to the maximum number of overs per spell for the appropriate age group.
- If the spell is not continued after the interruption the bowler cannot bowl again, from either end, until the equivalent number of overs to the length of his spell before the interruption have been bowled from the same end.
- If the interruption is of 40 minutes or more, whether scheduled or not, the bowler can commence a new spell immediately.
- Once a bowler covered by these Directives has bowled in a match he cannot exceed the maximum number overs per day for his age group even if he subsequently bowls spin. He can exceed the maximum overs per spell if bowling spin, but cannot then revert to bowling fast until an equivalent number of overs to the length of his spell have been bowled from the same end.
- If he bowls spin without exceeding the maximum number of overs in a spell the maximum will apply as soon as he reverts to bowling fast.
- Captains, Team Managers and Umpires are asked to ensure that these Directives are followed at all times.

- For guidance it is recommended that in any 7 day period a fast bowler should not bowl more than 4 days in that period and for a maximum of 2 days in a row
- Age groups are based on the age of the player at midnight on 31st August in the year preceding the current season.

*Any reference to he/his should be interpreted to include she/her.

ECB Safety Guidance on the wearing of Cricket Helmets by young players

In February 2000 the England and Wales Cricket Board (ECB) issued safety guidance on the wearing of helmets by young players up to the age of 18. In brief, the guidance recommends that :

- Helmets with a faceguard or grille should be worn when batting against a hard cricket ball in matches and practice sessions.
- Young players should regard a helmet with a faceguard as a normal item of protective equipment when batting, together with pads, gloves and, for boys, an abdominal protector (box).
- Young wicket keepers should wear a helmet with a faceguard when standing up to the stumps.

With the assistance of schools, cricket clubs and leagues, the wearing of helmets by young players is now standard practice in cricket throughout England and Wales. Helmets are widely available and are covered by a British Standard (BS7928:1998).

The original guidance allowed parents or guardians to give their written consent to allow a young player not to wear a helmet. However now parental consent not to wear a helmet should not be accepted in any form of cricket.

This guidance applies to all players under the age of 18, both in open age cricket and in all junior cricket played with a hard cricket ball.

The guidance also applies during all practice sessions.

Any individual taking responsibility for players should take all reasonable steps to ensure that this guidance is followed at all times.

The ECB asks that the guidance is communicated to the parents or guardians of all young players through clubs and schools, and that young players are not allowed to bat or stand up to the stumps when keeping wicket against a hard ball without wearing appropriate protection.

ECB Fielding Regulations

For reference, the ECB fielding Regulations are as follows:

- No young player in the Under 15 age group, or younger, shall be allowed to field closer than 8 yards (7.3 metres) from the middle stump, except behind the wicket on the off side, until the batsman has played at the ball
- For players in the Under 13 age group, and below, the distance is 11 yards (10 metres)
- These minimum distances apply even if the player is wearing a helmet
- Should a young player in these age groups come within the restricted distance the umpire must stop the game immediately and instruct the fielder to move back
- In addition any young player in the Under 16 to Under 18 age groups, who has not reached the age of 18, must wear a helmet and, for boys, an abdominal protector (box) when fielding within 6 yards (5.5 metres) of the bat, except behind the wicket on the off side. Players should wear appropriate protective equipment whenever they are fielding in a position where they feel at risk
- These fielding regulations are applicable to all cricket in England and Wales

ECB Guidelines on Girls Playing in Boys Age Group Leagues and Competitions

In response to a number of requests the ECB has issued the following guidelines concerning the participation of girls in boys' cricket:

- The ECB wishes to encourage the development of girl cricketers and is happy for them to participate in boys' cricket
- Team managers and coaches have a duty of care to all players and girls should only be allowed to participate if the responsible adults are satisfied they are competent to do so
- Suitable arrangements need to be in place, particularly in relation to changing facilities and transportation arrangements, if applicable
- In ECB national competitions the age group requirements apply to all players regardless of their sex
- In local Leagues, and other competitions, it is up to each League, or competition, to specify age group requirements. If girls who are older than the specified age group are allowed to play, the League must specify a maximum age for the girl players and confirm how many older girls can play in any team. The same regulations must apply to all clubs in that League or competition
- For the sake of clarity it should be understood that boys cannot play in girls Leagues or competitions unless explicit provision for this is included in the rules of that League or competition. Boys cannot play in the ECB girls' competitions

Any questions relating to these guidelines should be referred to the ECB Cricket Department at Lord's – 020 7432 1200 or cricket@ecb.co.uk.

ECB Photography and Video Camera Guidelines

The ECB wishes to ensure that photography and video footage use within cricket is undertaken appropriately.

Parents should not be prevented from taking pictures of, or filming their children. These are normal family practices and help mark milestones in a child's life.

The introduction of proportionate controls on the use of photographic equipment (cameras, videos including mobile phones) is an element of general safeguarding good practice in a club.

The ECB is keen to promote positive images of children playing Cricket and is not preventing the use of photographic or videoing equipment.

Some people may use sporting events as an opportunity to take inappropriate photographs or film footage of Children. All clubs should be vigilant about the possibility of this. These individuals could attend the local cricket club allowing people to presume they are related to a child involved.

It is also possible that if a picture and name was placed in the local paper the information could be used as a 'grooming' tool. Any concerns during an event should be reported to a club official or event organiser.

There may be other reasons why individuals may not wish their child's photograph to be taken by someone they do not know personally, i.e. estranged parents looking to gain access to a child.

Holmesdale Cricket Club's policy relating to the use of photographic equipment during matches, training sessions and other club occasions is:

- Photographs / images are not to be taken at matches or training without the prior permission of the parents/carers of the children. This permission can be given by proxy by the coach of each team only after parental consent for this has been granted. The coach must arrange this prior to attending matches.
- If no consent has been given for a child on the player Registration Form, then it is to be made known to the relevant person of the other team (eg. Coach / Team Manager) so that the appropriate person/s taking photos for the other team is aware and can avoid taking photos of that particular child.
- The children should be informed that a person will be taking photographs.

- The children should be informed that if they have concerns they can report these to the coach or team manager.
- Concerns regarding inappropriate or intrusive photography should be reported to the Welfare Officer and recorded in the same manner as any other child protection concern.
- It is recommended that Cricket tournaments / festivals / events / competitions set up a camera registration book for parents to complete.

It is recommended that all Cricket Clubs adhere to the appropriate guidelines relating to publishing of images as detailed below.

Use of images of children, (for example on the web, in the media or in club or league handbooks)

- Ask for parental permission to use their child's image and wherever possible show the image to the parents and child in advance. This ensures that they are aware of the way the image will be used to represent cricket and the Club.
- Ask for the child's permission to use their image. This ensures that they are aware of the way the image will be used to represent Cricket and the Club.
- If the Cricketer is named, avoid using their photograph.
- Only use images of children in appropriate kit (training or competition), to reduce the risk of inappropriate use and to provide positive images of the children.
- Encourage the reporting of inappropriate use of images of children. If you are concerned, report your concerns to the Welfare Officer.

Using Video as a coaching aid :

There is no intention on the part of the ECB to prevent Club Coaches using video equipment as a legitimate coaching aid.

However, Players and Parents/Carers should be aware that this is part of the coaching program and material taken in connection with coaching must be stored securely and must be deleted / destroyed when a parent requests this, or when the material is no longer needed.

The Parents/Carers and children must provide written consent via the Junior Registration Form for the use of photography and video analysis .

ECB Guidelines on Changing Rooms and Showering Facilities

All ECB affiliated cricket clubs must have a Changing Policy which will be dependent upon the facilities available at the club, the access to those facilities and the number of children involved.

These guidelines apply to adults and children sharing changing facilities.

Please note that if children are uncomfortable changing or showering with adults at the Club, no pressure should be placed on them to do so. Encourage them to do this at home.

Principles adopted by Holmesdale Cricket Club are as follows :

1. Adults must not change or shower at the same time using the same facility as children.
2. Adults should try to change at separate times to children during matches i.e. when padding up.
3. If Adults and children need to share a changing facility, the Club must have consent from the Parents that their child(ren) can share a changing room with Adults in the club.
4. If children play for Adult Teams, they and their parents must be informed of the Club's policy on changing arrangements.
5. Mixed gender teams must have access to separate male and female changing rooms (or failing that at least have different changing times which are strictly adhered to).
6. Mobile phones must not be used in changing rooms.

EECB Missing Child Guidelines

These missing child guidelines are a new addition to the Safe Hands Manual for 2007.

A child going missing could be an extremely traumatic event – for adults and for children. However, if everyone is aware of some simple pre-defined guidelines, panic levels can be minimised, and even more critically, the missing child can hopefully be found in an organised and efficient way.

Hopefully no child will ever go missing from your team /event. If they do, please remember that most children are found within a few minutes of their disappearance.

ECB Missing Children Guidelines

If a child for whom your club has responsibility goes missing, the following guidelines have been devised to clarify actions that should be taken.

- Ensure the other children in your care are looked after appropriately while you organise a search for the child concerned.
- Inform the child's parents if they are present at the event, or nominate an appropriate person to telephone them and advise them of the concern. Reassure them you are doing all you can to locate their child. Remember that the child may contact the parents directly so this is very important.
- Organise all available responsible adults by areas to be searched. It is best to take a short time to organise the search properly so that all places are searched fully.
- Search the area in which the child has gone missing including changing rooms, toilets, public and private areas and the club grounds.
- Request all those searching report back to a nominated adult at a specific point.
- This nominated person should remain at this specific reference point and must be making a note of the events, including detailing a physical description of the child including approx. height,

build, hair and eye colour as well as clothing the child was wearing and where / when they were last seen, as this will be required by the police. If the search is unsuccessful you should then report the concern to the police.

- A report should go to the police no later than 20 minutes after the child's disappearance is noted, even if the search is not complete.
- If the police recommend further action before they get involved, follow their guidance.
- If the police act upon the concern always be guided by them in any further actions to take.
- At any stage when the child is located, ensure you inform all adults involved including the parents, searchers and police if they are by then involved.
- All missing child incidents **MUST BE** notified at the very earliest opportunity to the Welfare Officer, who must immediately notify the County Welfare Officer, and they must then notify the ECB CPT.
